ABOUT THE INSTITUTE

Georgia College & State University is Georgia's designated public liberal arts university and offers undergraduate programs of study in an inviting residential-college setting to students motivated to make a difference.

Students, faculty and staff members of Georgia College collaborate with the communities of Middle Georgia to provide invaluable educational experiences and make enriching contributions to the local area of Milledgeville and beyond. The university also provides graduate and professional studies, in person and online, to students who are looking to advance their careers.

Beginnings

The university was founded in 1889 as a public women's educational center. First known as Georgia Normal & Industrial College, the university has been called Georgia State College for Women, the Women's College of Georgia, Georgia College, and since 1996, Georgia College & State University.

Accreditation

Georgia College & State University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award baccalaureate, master's and doctorate degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097, or call 404-679-4500 for questions about the accreditation of Georgia College & State University.

Colleges

Georgia College has programs of study in five colleges—the College of Arts and Sciences, the J. Whitney Bunting College of Business & Technology, the John H. Lounsbury College of Education, the College of Health Sciences and the John E. Sallstrom Honors College.

Class Sizes

As Georgia's designated public liberal arts university, small classes that give ample opportunity for individual student attention are common. Over half of our classes have 20 students or less, and 78% enroll under 30 students.

Total Economic Impact Locally

The economic impact of the university on a six-county region is calculated to be more than \$303 million for fiscal year 2022, according to a study released in 2023 by the University System of Georgia. That amount is an \$18 million, or 6.4% increase over 2021.

Tuition Fiscal Year 23-24

In-state tuition for a full-time undergraduate student is \$4,499 per semester. Out-of-state tuition for a full-time undergraduate student is \$14,089 per semester.

VISION, VALUES AND MISSION

Vision

Georgia College will be a nationally preeminent public liberal arts university.

Values

The Georgia College experience, which is rooted in the liberal arts and provides the foundation for a lifetime of learning, growth, and academic excellence, is based on these shared values:

- The pursuit of knowledge and truth for the public good
- The transformative effect of service, leadership and collaborative engaged learning experiences both in and beyond the classroom
- Ethical principles including integrity, altruism, reason, respect and responsibility in discourse and actions
- Diversity and inclusion in all forms

Mission

Georgia College is the state's only designated public liberal arts university. We fulfill this mission through a commitment to:

- An expansive educational experience
- Highly intentional engagement
- Diversity and inclusive excellence
- Preparation for leadership

STRATEGIC DIRECTION

Imagine 2030

Beginning with a call to action from President Cathy Cox at her inaugural state of the university address in February 2022, Georgia College's strategic plan has now taken shape. From a Strategic Planning Committee comprised of broad representation from across the campus community, "Imagine 2030" and its Five Pillars provide a blueprint for all to ensure the university is preparing students for successful careers and fulfilling lives.

The pillars—Innovate, Distinguish, Empower, Engage and Advance—were revealed in the fall of 2023, and are the result of a thorough process of interviews, town halls and delegations to visit aspirational universities. These five strategic pillars will further distinguish Georgia College & State University as an innovative, forward-thinking and visionary public liberal arts university with a deep commitment to excellence.

Visit Georgia College's Strategic Plan website at www.GCSU.edu/Imagine2030 for more.

NOTES FROM FY 2020, FY 2019, FY 2018

1. Increase due to the reporting of eBook titles from new collections available through GALILEO, the addition of Open Access collections to the library's catalog and selection/purchase of individual eBooks throughout the year.
2. Decrease is primarily attributed to a decline in the number of group-type sessions for the Freshman Seminar activity. During the 2015-2016 academic year, the activity was completed exclusively by students on an individual basis.

THE LEARNING CENTER

CENTER FOR STUDENT SUCCESS

The Learning Center provides enrolled students with the academic support they need to be more confident with course content as well as tips and tools with how to effectively use their study time. Certified Peer Tutors work 1-on-1 and in small group settings assisting with STEM and economics courses in our drop-in Learning Center. Supplemental Instruction Leaders (SI) are embedded in and dedicated to one course for the entire semester; the leaders facilitate two interactive, collaborative SI study sessions for the enrolled students each week. The Math Lab supports two specific math classes with a team of Undergraduate Learning Assistants who assist with course concepts and learning strategies.

THE RIGHT TO READ BELONGS TO ALL OF GEORGIA'S CHILDREN

A LETTER FROM OUR EXECUTIVE DIRECTOR

Dear Partners, Donors, and Friends,

This summer marked one year since the passing of beloved Mrs. Sandra Dunagan Deal. As the new Executive Director of the Deal Center, I am committed to continue Mrs. Deal's legacy to propel every child in Georgia to read proficiently and beyond. In the tradition of her tireless work to improve outcomes for children, this year's theme of the Deal Center focused on Supporting Emergent Literacy Development with Evidence-based Practices for Birth through Age 8.

Historically, around 68% of Georgia's third graders do not read proficiently, and the rates are even higher for children of color. Early elementary school milestones directly impact students' academic outcome and life-long trajectories. Since the inception of the Deal Center, Mrs. Deal's vision has been to improve all outcomes for people living in our state, beginning before birth. As an educator, speech language pathologist, and scientist, it is my honor to help continue her legacy. I pledge my support to initiating and supporting novel initiatives through a multi-pronged approach of evidence-based professional development and application of implementation science to engage our schools and communities.

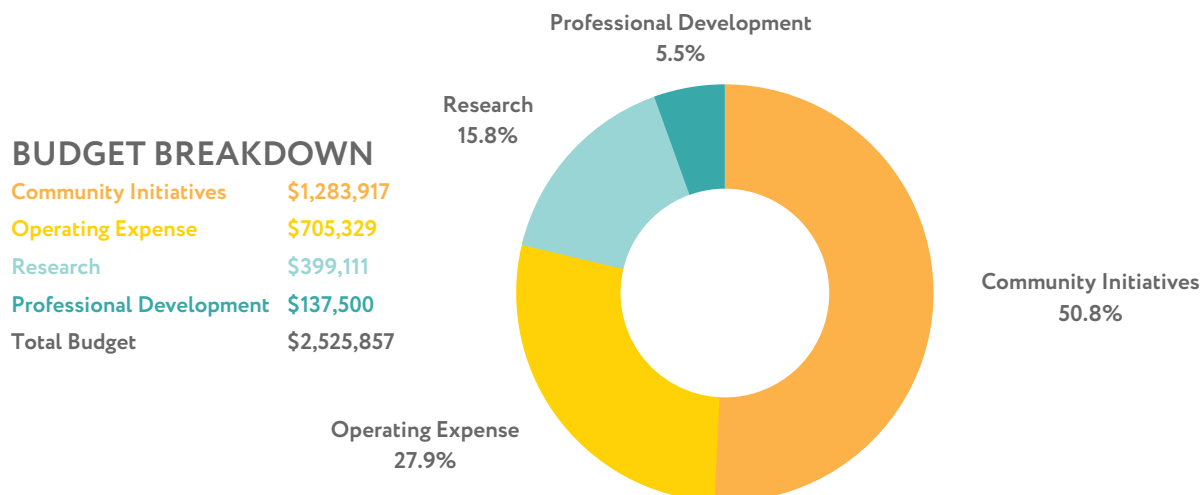

I am delighted by recent momentum across the state, including the passage of HB 538, known as the Georgia Early Literacy Act, and SB 211, the bill that formed the Georgia Council on Literacy. The science is clear: we know what works and the Deal Center has built the infrastructure to strengthen these efforts across the state.

As always, we are grateful for the unwavering support. Many thanks for all you do for Georgia's children!

Lindee Morgan, PhD, CCC-SLP
Executive Director

DEPARTMENT - Continuing & Professional Education

Angie Woodham, Director

Continuing & Professional Education offers a variety of diverse courses, programs, and services that are open to everyone to include opportunities to gain skills for career advancement, conferencing services, enrichment activities, and kid's programming. The mission is to enrich the economic, cultural, personal, and professional lives of Georgians through high-quality educational programs, comprehensive conference coordination, facility reservations, campus rentals and campus support services. The department works hand-in-hand with the four academic colleges to offer online graduate-level certificate programs. Employers and job recruiters indicate that they see the value of short-format certificates and credentials for "just-in-time" and "just enough" education. Therefore, workers are in need of short-format credentials and certificates to provide the flexibility to change roles and industries at a moment's notice.
