GENERAL INFORMATION

ABOUT THE INSTITUTION

Georgia College is Georgia's designated public liberal arts university, offering undergraduate programs of study in an inviting residential college setting to students who are motivated to make a difference in the world. Community-based learning is a common theme at the university and the students, faculty and staff members of Georgia College collaborate with the communities of middle Georgia to provide invaluable educational experiences for our students and make enriching contributions to the local area and beyond. The university also provides graduate and professional studies, in multiple locations and online, to students who are looking to advance their careers.

Beginnings

The school was founded in 1889 in Milledgeville, Ga. as a public women's educational center. First known as Georgia Normal & Industrial College, the university also has been named Georgia State College for Women, the Women's College of Georgia, Georgia College and, since 1996, Georgia College & State University.

Accreditation

Georgia College & State University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award baccalaureate, masters and doctorate degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097, or call 404-679-4500 for questions about the accreditation of Georgia College & State University.

Colleges

Georgia College has programs of study in four colleges – the College of Arts and Sciences, the J. Whitney Bunting College of Business, the John H. Lounsbury College of Education and the College of Health Sciences.

Class Sizes

As Georgia's designated public liberal arts university, small classes that give ample opportunity for individual student attention are common. Most class sections enroll between 15 and 35 students. Seminars, tutorials and honors courses typically enroll 20 to 25 students with three faculty facilitators.

Total Economic Impact Locally

The economic impact of the university on a six-county region is calculated to be more than \$203 million, according to a study released in 2013 by the University System of Georgia.

Tuition

Tuition and fees for a full-time undergraduate student who is a resident of the state of Georgia are \$4,480 per semester. Out-of-state tuition for full-time undergraduate students is \$13,654 per semester. Compared to private liberal arts

universities of similar size, Georgia College offers a similar educational experience while being able to offer affordable tuition rates that are a fraction of the rates of those institutions.

Financial Aid

More than 70 percent of GC students receive some form of financial assistance.

Georgia College's Mission and Values

Mission

As Georgia's public liberal arts university, GC offers undergraduate programs of study to talented and motivated students in a residential college setting. Georgia College also provides, at multiple locations, graduate and professional studies that support the needs of the region and create pathways to individual success and personal fulfillment. Its academically engaging, student-centered programs often take learning beyond the traditional classroom and develop the intellectual, professional and civic skills and dispositions that enable graduates to thrive in an information-intensive and diverse global society. Through its teaching, research and service, Georgia College enriches the lives of students and their local and global communities.

Value Statements

Georgia College is committed to providing...

An Expansive Undergraduate Educational Experience.

Georgia College is committed to providing a residential liberal arts educational environment that invests in its students the extensive knowledge and strategic skills for them to thrive as productive citizens of a globally engaged democracy. Georgia College students experience multidiscipline intellectual encounters with both enduring and contemporary questions, intensive study in the major and capstone experiences that integrate and apply learning.

Excellence in Graduate Education. Georgia College is committed to providing post-baccalaureate education that successfully prepares graduates for professional advancement, life-long intellectual pursuits and informed participation in today's complex society. In graduate and professional studies the rigor, quality and relevance of our programs intentionally bridge the gap between theory and practice.

Challenging, Innovative Teaching. Georgia College is committed to teaching excellence in and beyond the classroom. Using a balance of evidence-based, innovative teaching, high-impact pedagogies along with meaningful student-faculty interaction, Georgia College develops

students equipped to clearly, critically and creatively address societal challenges.

Opportunities for Community Engagement. Georgia College values collaboration with community partners to address mutually identified needs and to promote public well-being through teaching, learning, scholarship and outreach. Community engagement advances Georgia College students' academic and civic learning. It also helps them become more informed citizen leaders ready to serve the public good, locally and globally.

Preparation for Leadership. Georgia College is committed to promoting "Reason, Respect and Responsibility" by deepening students' individual, group and community values through greater understanding of self, promotion of reasoned and respectful discourse and the development of engaged citizenship. Georgia College prepares responsible leaders capable of affecting positive social change in a pluralistic world.

-Approved by the Board of Regents June 2011

Georgia College Strategic Directions 2011 – 2014

The Strategic Directions for Georgia College provide a framework for planning and goal setting, for assessing overall institutional health and progress and for establishing resource priorities. The institutional planning process includes identifying institutional priorities, action steps, indicators of progress and a timeline for achievement.

Strategic Direction One: Exemplary Undergraduate Learning Experience

Build excellence and distinction in the Georgia College undergraduate educational experience consistent with the

university's educational values and its undergraduate public liberal arts mission.

Strategic Direction Two: Respected provider of Graduate Programs in the Middle Georgia Region

Strengthen the university's graduate mission, which is to deliver graduate programs responsive to regional workforce needs.

Strategic Direction Three: Acclaimed Academic Programs/ Distinctive Colleges and Departments

Enhance the academic reputation of Georgia College based on recognition of exemplary academic programs and the distinctive qualities and achievements of its academic colleges and units.

Strategic Direction Four: Strong Partner for Creating a Better Community and State

Strengthen community and regional ties through programs, partnerships, research and service that enhances economic, educational and cultural opportunities

Strategic Direction Five: Talented, mission-invested faculty and staff

Recruit and support highly qualified faculty and staff who are invested in the university's mission, its students and its commitments to reason, respect and responsibility.

Strategic Direction Six: Effective Fiscal and Operational Performance

Continue to seek operational performance improvement and effective fiscal strategies, including the diversification of funding support.

UNIVERSITY CAREER CENTER

Since 2008, the University Career Center has achieved the following successes:

- 1,669 employers have posted 6,203 jobs and internships through the Career Connection online database at gcsu.edu/career.
- 512 different employers/graduate programs have recruited on campus a total of 907 times since 2008. Employer participation for each year since 2008 is shown below

	2008	2009	2010	2011	2012	2013	2014
Number of employers/graduate schools visiting campus one time	73	106	121	142	212	155	195
Number of employers/graduate schools visiting campus multiple times	8	12	13	13	23	29	53

- Through improved staffing quality and outreach to students, student use and participation in services has increased by over 400%.
